

MOGUL[®] H PIGMENT BLACK

Product highlights

MOGUL H specialty carbon black is a high structure, treated carbon black that can be used in a wide range of coatings formulations and other liquid systems. This combination of properties enables MOGUL H specialty carbon black to be processed at higher loading levels than comparable grades. The surface treatment increases resin compatibility resulting in an elevated level of pigment stability.

Key applications

MOGUL H specialty carbon black is suitable for use in coatings systems requiring good pigment stability, strong tinting strength and blue undertone.
